

Dear FCC...I currently subscribe to XM Satellite Radio. I believe that it would be unjust, as well as unconstitutional to determine what can or can't be broadcasted on this system, especially since, I the consumer am paying for services I choose to listen to. I respectfully urge you to reject the NAB's petition 04-160. Let's keep the spirit of the constitution alive, by allowing the American Consumer the freedom to choose what is right for them.

Thank You!
